Hi,

I haven't seen any DERs for a 670, but that's just my experience.

Hi Russ,

It's a B670 (old ai, registered source). Screen and Review used to be concurrent, and there were no DERs. (I don't know if Cathy has modified that, but that has been my experience.)

Am I doing just the screen, or the screen and review?
Are DERs going to be needed for the six-pack?
